

A seasonal request

THE allergy season is well and truly here, so could all parents who have children who suffer from asthma or allergies (or both) please ensure that asthma pumps are up-to-date and with your children at all times. We also advise that spare pumps are given into the Welfare Office. Please make sure that allergy sufferers take their medication before school to prevent further suffering throughout the day.

SCIENCE CORNER

WITH PROFESSOR WEEKLY

Good Morning Class!
Time for your weekly quiz again!
As always get your answers into Mr Gaza by Wednesday for your chance to win a fantastic prize at the end of term!

1. Animals without a back bone.
2. This is found on the periodic table. It contains only one kind of atom.
3. An animal that catches and eats other animals.
4. What you see in a mirror.
5. A force of compression between two objects.

Your clue for this week is:

1	2	3	4	5
M	E	P	I	P

GOOD LUCK!

Last week's answers - 1: current 2: harley 3: light 4: omnivore 5: boil 6: enzyme 7: tidal

Parents & Carers

West London Academy will be offering computer, English language, literacy and numeracy courses for adults from September.

Classes will be run during the day, evenings and at weekends.

Ask at main reception for more details or telephone 020 8842 7808

Delicious, healthy food that doesn't cost the world!

JUST like everyone is experiencing at home, the Academy is also suffering from the soaring costs of fresh food ingredients. As a result the Academy will be increasing the price of the set Academy meal deal to £1.90 from 1st September 2008. However, you may also be aware that we have our own Academy Executive Chef in the Restaurant and the quality of meals and the menu offered has improved substantially over the past few months. This was also a major contributory factor in our recent successful award of Healthy Schools. Our menus are reviewed regularly

Healthy Schools
EALING

in consultation with students and designed to provide a balanced diet with appropriate amounts of proteins, fruits and vegetables and the advantage of having an excellent

Executive Chef is that the food is cooked so that it just right for the tastebuds. Visitors regularly comment on how good the food provided by our Restaurant is. To reduce the risk of cash being lost on the way to the Academy, we will be introducing a Parent Pay method of crediting your child's card from September where school meals, items of uniform and school trips can be paid for without your child having to bring cash into the Academy. More details will be available in July and in the new Parents' Handbooks which will be mailed out to all parents over the summer break.

Science Week fun

THE Primary Science Week got off to a flying start last Monday with an hour long session led by Mad Science.

The day was very exciting for everyone involved and included magic, experiments and setting fire to a dustbin (within a controlled environment!). Pupils also had the opportunity to come face-to-face with a peregrine falcon as part of a lesson aimed to improve their understanding of modes of flight for birds.

They also looked at a vulture (but no holding was allowed!).

During Science Week children were treated to age appropriate workshops, and in a fitting end to the programme Year 6 visited the Science Museum in London.

Who are you calling bird brain! Nabila of Year 3 gets to grips with one of our more impressive feathered friends

Thank you!

Thank you to all prospective Nursery and Reception parents who attended our Open Days last week.

Although we are aware of the increasing popularity of the nursery locally, we were overwhelmed by the number of parents attending with toddlers.

Please do not worry if you missed any information or still have questions as we will contact you and invite you to visit the Nursery with your child by individual appointment prior to their start date or by arranging a home visit.

Some dates to remember

Year 5 will be going to the British Museum on Tuesday 24th June. Please make sure that your child is in school uniform and has a pack lunch. They may wear trainers as there will be a lot of walking.

Our residential trip to the Isle of Wight will take place between 30th June to 4th July.

Please ensure that you return your child's medical form and pocket money as soon as possible.

Action stations

- In other news children from
- Year 5 and 6 spent two
- exciting days at Hillingdon
- Outdoor Activity Centre
- (HOAC).
- As you would imagine,
- everybody had lots of fun and
- behaved very well.
- Not to be left out, children
- from Year 4 went to Hampton
- Court as part of their History
- Topic last Thursday (June 12),
- while a further 28 children from
- Year 4 went to ECLC in Acton
- yesterday (June 19) to enhance
- their ICT skills. All children
- were a credit to the Academy.

A step up! A WLA student on a recent visit to the Hillingdon Outdoor Activity Centre
