

West London Academy

Teacher (Mainscale) BUSINESS STUDIES (with ECONOMICS)

Judged as a 'Good' school with several 'Outstanding' aspects by Ofsted (Jan 2010) we are seeking to appoint a talented and committed teacher, with the qualities, skills and drive necessary to join the Business Studies & Economics team from September 2010. Both Economics and Business Studies are popular choices of students at the Academy with consistently excellent results across the courses. Economics is increasing in popularity at both KS4 and Post-16 and the Academy's specialism of Enterprise plays a central role in the work of the Business Studies and Economics team and in its profile across the Academy.

The outstanding facilities which the Academy already enjoys are being further enhanced with additional accommodation as part of a DCSF funded £6.3m accommodation expansion. The introduction of the IB Diploma at Post-16 along with the existing BTEC and A level courses makes this an exciting time to join the Academy. This post provides an excellent opportunity to work in a high quality and well-resourced environment and to work as part of an established, successful and highly motivated team.

The appointee should be an outstanding teacher with a desire to shape the delivery of Business and Economics in the High School. Given the right skills, this post will be of interest to both experienced and newly qualified teachers.

West London Academy in the Inner London Borough of Ealing is a special partnership between Government and private investment benefiting from a stunning building which opened in September 2005 designed by world famous architects Foster and Partners. As an all-age school with over 1400 students on roll and 250 staff, the Academy provides an environment for life long learning in state of the art facilities and, as an Investor in People, offers excellent career and professional development.
